Daly City To Be Feted Saturday At Fair

School Board Votes \$2.50 Per \$100 Tax Rate

Woes Await Ben Franklin Teachers In Nicaragua

EDITOR'S NOTE—The following is the latest in the series of "open letters" to our readers from Paris B. Simmons, a teacher at Benjamin Franklin School, who along with three other Benjamin Franklin teachers, is making a tour of Latin America, and by a most unusual mode of travel—motor scooter. In this "letter," Simmons tells us of some of the woes the group suffered once they reached Nicaragua.

The Pan American Educational Study Group reached Managua, Nicaragua, on July 29 all in good health, though a little water soaked.

From Guatemala City the roads were fair and the travel generally comfortable and scenic.

In El Salvador the first major tragedy occurred when a 35 mm camera was stolen from

one of the scooters parked in a garage. The group spent several hours with the police and investigators, and consider this quite a memorable experience.

Also in San Salvador, contact was made with the Minister of Education, the Mayor and the owner-publisher of Hoy Diario, a large newspaper.

Leaving El Salvador the group was stopped by soldiers near the border who were expecting a Castro invasion. The lieutenant in charge had received training at Mission High in San Francisco, it was learned. He was most friendly and hosted the group at a dinner, plus providing them with accommodations for sleeping with the soldiers, surrounded and protected by arms of all types.

The following afternoon found the group at the border (Continued on Page 2)

JUHS Trustees Adopt New District Budget; Order Gym Rot Report

A \$3,373,000 budget for the 1961-62 school year was passed unanimously Monday night by the trustees of the Jefferson Union High School District, retroactive to July 1.

There were no written or verbal protests against the adoption of the budget, which is an all-time high for an operating budget, but only \$154,000 over the 1960-61 budget, which totaled \$3,219,000.

The new budget figure is still based on a tax rate of \$1.37 per \$100 assessed valuation.

Reasons for the increases in the new budget are attributed to increased teachers' salaries, the opening of two new high

schools, plus an anticipated increase in enrollment of 653, which includes regulars, home instruction point one program, summer school and adult evening programs.

Jefferson High Principal John Morgan and Paul Reiter, an architect with the Falk & Booth firm, reported to the board that upon their inspection of the Jefferson gym, they have discovered serious termite and dry rot infection.

Upon Falk & Booth's recommendation, the board approved allocating \$55 for a formal inspection and report as to the extent of this condition, lead-

Family Survival Course Slated For 3 Different High Schools

A course entitled "Individual and Family Survival" to teach people how to survive in case of natural or man-made disaster such as an atomic attack will be given at three different locations during the fall semester.

The first class will meet at Westmoor High School starting Thursday, September 14 and ending October 5. The second class is scheduled for the Jefferson High School campus starting Thursday, October 12 and ending November 2. The third class meets November 13 through December 4 at Terra Nova High School.

Frank Terranova, instructor,

has taken a special course given by the State Department of Education in cooperation with the Federal Government in order to teach the course. Mr. Terranova worked for the University of California, Radiological Lab and specialized in atomic weapons.

"In Russia, people are required to take survival training," Terranova said, "and go back each year for refresher courses. Other European countries are also way ahead of the United States in this field and our government is taking steps to alert people to the need of this specialized training."

MRS. JOHN GALENTE (left), 539 Crocker avenue, receives application blanks from Mary Battye, Mrs. Daly City, for participation in the Daly City Garden Club's home garden contest, which will run through August and September. Awards

to the top five winners will be made during the Golden Anniversary Celebration, October 7-14.

Salary Hike For Sanitation Dist. Employees OK'd

A 2½ per cent cost-of-living salary increase for all of the district's employees, retroactive to July 1, was approved Monday by the directors of the North San Mateo County Sanitation District.

The directors budgeted \$60,000 in this year's budget for salaries, an amount which will take care of the 2½ per cent increase. Total budget is for \$304,800.

Asst. City Manager Phillip J. Brown explained the California Retirement Program to the directors, and insofar as employees have expressed the desire to have it, Brown was instructed by the directors to start the necessary proceedings to bring the district's employees under this program.

Directors hired George Whitney, retroactive to August 1, as a utility man.

SSF Council OK's Salary Increases For Employees

South San Francisco City Council Monday night approved a 2½ and 5 per cent cost-of-living salary increase for its employees, retroactive to July 1.

Police and fire department personnel will get 2½ per cent increases, but the respective department heads will receive 5 per cent. Public works and parks and recreation personnel will also get 5 per cent, as will other department heads. Clerical personnel will receive 2½ per cent increases.

The council held over to its next meeting adoption of resolutions fixing the amount of revenue required from property taxes for 1961-62.

It also held over a resolution (Continued on Page 2)

Caravan, Muni Band To Herald DC Day At SM County Fair

Daly City residents will travel to San Mateo on Saturday to participate in Daly City Day being held at the San Mateo County Fair and Floral Fiesta.

The day's activities will include a caravan from City Hall to the Fiesta in San Mateo, a concert by the Daly City Municipal Band, a demonstration in gun handling and gun safety by quick-draw artist Frank James and appearances by Lynette Fishel, Miss Daly City, at the Fiesta Bowl shows.

Councilman Frank Pacelli, executive chairman of the Golden Anniversary Committee, declared the Daly City Day festivities will make up the biggest city-sponsored program ever put on at the Fiesta and urged as many residents as possible to participate in them.

The program is aimed at calling wide attention to the city's Golden Anniversary Celebration, October 7-14.

The day's activities will begin at 11 a.m. with the assembling of the caravan at City Hall. The caravan, led by a stagecoach carrying Vice Mayor Joseph Verducci, the city's two queens, Mrs. Battye and Miss Fishel, will include 18 vintage automobiles with their drivers in costumes typical of the period the cars represent.

The caravan will travel down El Camino Real to the Fiesta grounds at 25th avenue and South Delaware street, arriving at 1:30 p.m.

It will enter the front gate and wind through the fairgrounds to the Twin Industrial Building where the Daly City Municipal Band will begin a concert at 1:45 p.m.

At 2 p.m. Verducci will introduce Miss Daly City and Mrs. Daly City and will outline the activities scheduled for the city's celebration of "A century of progress in half the time."

(Continued on Page 2)

Terra Nova High To Open On Time

Terra Nova High School will be able to open on time for the first day of school on September 11.

This is the latest word from Architect Mark Falk who states that the school is now 90 per cent finished.

Getting Terra Nova ready for the opening day date has posed its problems, what with weather, obtaining materials, and various strikes.

Now one of the big problems is installing utility services, Falk says.

Falk gave assurance that the academic portions of the school will be ready for use. Finishing touches will be put on the administration portion come September 11, but clerical help and administrators will be able to go to work, any inconveniences overlooked. The gym locker rooms and shops will not be entirely finished, but they will be usable, although the gym will not be ready for use, Falk said.

Planners Approve All Applications

Three applications came before the City Planning Commission Tuesday night and all were approved.

The commission approved: A use permit by Marin Neon Co. of San Rafael to erect one double-faced neon sign at 1905 Junipero Serra blvd.

A variance permit for George A. Mehalis, 1078 Hanover st., to increase the maximum lot coverage from 50 per cent to 58 per cent at 1078 Hanover.

Rezoning five lots between Scenic Way and Templeton ave. on Estrada Way from R-1 to R-3.

Pacifica Planners Hold Requests On Two Issues

The Pacifica Planning Commission Monday night again held over the request of Sam Mazza, San Francisco, for a variance permit to allow him to use a miniature castle as an historical monument and charge admission.

The castle is located on Mirador Terrace in Sharp Park, and the big drawback is that the area that the castle is in is a residential area, also there is a problem of there being no access, other than in cars, and the roadway for vehicles is an extremely steep dirt road. Mazza is trying to accommodate parking nearby, as residents have verbally protested against possible traffic congestion for

(Continued on Page 2)

JESD Trustees Decide On Higher Tax Rate; New Budget; Vote 3-2

In a last-minute and surprising move, Trustee Katherine Mullen, Monday night, during a public hearing of the Jefferson Elementary School District's proposed 1961-62 budget, moved to throw out the tentatively accepted published budget of \$3,861,689, based on a \$2.40 per \$100 tax rate, in favor of one of the earlier study budgets, which calls for raising the tax rate to the \$2.50 per \$100 limit, bringing \$60,000 more into the district for a budget expenditure of \$3,921,689. The vote was 3-2.

Mrs. Mullen's motion to raise the tax rate 10 cents more per \$100 than had originally been planned, in essence, meant adoption of the study budget, based on a \$2.50 tax rate, which had been considered by the board, but rejected in favor of the study budget based on a \$2.40 per \$100.

The board originally considered adopting one of three possible budgets. One was based on a tax rate that the board felt was too low. One was based on the \$2.50 per \$100, and the latter, which the board tentatively agreed on, and published as the proposed final budget, was set at a \$2.40 tax rate.

The vote on the switch in budgets was a close one, and Mrs. Mullen's motion was saved by one thin vote. Trustees Mullen, Dr. Donald Calvert and Joseph Lewkowitz voted for adopting the \$2.50 per \$100 tax rate and budget, but Trustees O. Wayne Douglas and Thomas Noonan cast no votes.

Douglas told this newspaper that he voted against hiking the tax rate further because, "It isn't justified or necessary. We could have gotten along very well on a budget based on a \$2.40 tax rate. Now we're at our limit. If we ever need more tax money, we'll have to go to the citizens and have them raise the limit."

Noonan's feelings were almost parallel with Douglas'. "I feel that this budget and tax rate are too high. It's going to be difficult for families in the lower economic group to meet their share of the tax rate," Noonan said.

The budget for the 1960-61 year was based on a \$2.10 per \$100 valuation.

Noonan said he felt that the jump from \$2.10 to \$2.40 was ample to do what the new budget called for.

Theoretically, this budget adopted Monday night, retroactive to July 1, could do all of the capital outlay work planned during the coming year, whereas the \$2.40 figure allowed for only "emergency work" to be done this year, with the rest of the needed capital outlay work to be planned for in the 1962-63 budget.

It is possible, with this extra \$60,000 coming into the district (Continued on Page 2)

Highway Division Completes Map Of Local Beach

The San Francisco office of the Division of Highways recently completed preliminary plans for the rehabilitation of an entrance road and parking area along a portion of the Coast Route at Thornton Beach, and submitted them to the Division of Beaches and Parks for approval and appropriations.

According to W. Preston Smith, assistant district engineer in charge of design, it will take considerable months before actual construction can begin, allowing for review of the plans, obtaining necessary monies for the project, and advertisement of bids and awarding of contracts.

Smith said it is now up to the Division of Parks and Beaches in Sacramento to re-

their area as a result of the commercial venture. The request was held over to August 14, when the city planning staff will meet with the commission and render a report on what can be done in the matter.

The commission also held over until their September 5 meeting a request to have 25.5 acres of property in Rockaway Beach, which contains the Sea Bowl, reclassified from R-1, A-1, and C-R to light commercial.

C-1 zoning for this area is contrary to the city's master plan for development, and the Planning Department feels that for many reasons the reclassification is economically "unjustifiable."

San Francisco's Cow Palace is valued at more than \$50 million.

CAMP STYLE ice cream is enjoyed by Girl Scouts attending the day camp at Junipero Serra. Shown (left to right) waiting

right), Susan Strain, San Bruno, and Kathleen Sanders, Bayshore.

Highway Division

(Continued from Page 1)

view the plans, and once this is done, the plans must go to the Public Works Department for review, approval, and then appropriation from the Department of Finance. Another chore for the Division of Highways is the final preparation on contract documents, and advertising for contracts.

Smith said he did not see how the division could advertise for bids on the work much before October, allowing for necessary delays. He was unable to say definitely when the work was likely to be started or completed.

City officials and county legislators are working diligently to have Thornton Beach converted into a recreational area. The Division of Parks and Beaches has "contracted" the Division of Highways to do the planning of rehabilitating an entrance road and parking area as early steps in the beach conversion.

Family Survival

(Continued from Page 1)

The course "Individual and Family Survival" instructs people on what to do in case of natural disaster such as earthquakes, flood, or fire, but also man-made catastrophes such as nuclear, thermonuclear or biological warfare. Knowing what to do in the first few minutes after a disaster strikes your community can determine your family's survival. Knowing what to do in moments of great peril must be based on foreknowledge rather than hindsight.

Each course will require four three-hour sessions, on the completion of which each student will receive a certificate. Louis J. Martin, Principal of the Adult Evening School is of the opinion that at least one member of each family unit should take the course. No prerequisites are required and the course is offered free to the public. For more information call PL 5-1162 during the day. All adults are invited to attend.

SSF Council

(Continued from Page 1)

fixing the tax rate for 1961-62, and a resolution approving plans and specifications authorizing the work.

It also passed a resolution calling for bids on the improvement of Airport boulevard and the Baden avenue intersection with a left-hand signal. Bids to be opened August 28 at 2 p.m.

The council authorized the law firm of Kirkbride, Wilson, Harfield & Wallace of San Mateo to employ an appraiser for the Littlefield avenue and Kimball avenue assessment district.

Calling All Mutts! Hound Show For SM County Fair

Is your dog suffering from that "left out" feeling just because he has no pedigree?

The Optimists' Hound Dog Show held each year at the San Mateo County Fair and Fiesta, continuing through August 12, is aimed at giving recognition to the little-known qualities of lovable mutts, rather than prizes for breeding alone.

Such categories as most mixed breed dog, oldest dog, dog with most sympathetic eyes and dog with longest ears will attract youngsters and their pets from all over the area to the Fairgrounds on the final day.

The show has grown into one of the big attractions, and judging is done in a deadly-serious manner. The Peninsula Optimist Clubs have laid down only three governing rules: dogs can be entered in one class only, exhibitors must have their dogs at the 4-H ring by 1:30 p.m. (the contest is at 2 o'clock), and each dog must be equipped with a strong collar and leash.

Youngsters who want to register their mutts earlier may do so at the Fiesta's administration office. But pre-registration is not required.

33 STUDENTS TO GRADUATE AT W'MOOR HI

Thirty-three summer school students will be graduated at informal exercises in the Westmoor High gymnasium on Thursday, August 10, at 11:30 a.m. Diplomas will be given out by Mrs. Anna Eason, a trustee of the Jefferson Union High School District.

Summer school was held this year at Westmoor High. Following is a list of the graduates and the schools they will receive their diplomas from: Jefferson High School—Courtney A. Anderson, Richard R. Bess, Arthur L. Edwards, Victor Gotelli, David I. McKee, Leonard J. Robinson, Diane N. Silber, Robert J. Soldera, Walter K. Spencer, Jr., Patricia E. Wright.

Westmoor High School—Gerald H. Anderson, Robert S. Braun, Nick E. Buick, Veronica F. Domingo, Pamela J. Flaherty, David M. Follner, Joanne M. Gonzales, Kay E. Kerska, David R. Klaiber, Hepburn E. Klemm, Robert F. Marshall, Charles A. Miceli, Jr., George F. Muller, Jay M. Rochel, Thomas J. Sugrue, Heather C. Vincent, Jean L. White, Jean A. Wilson.

Terra Nova High School—Susan J. Carver, David W. Davis Jr., Michael H. Delucce, Richard D. Jones, Clifford W. Larrew II.

Woes Await

(Continued from Page 1)

of Nicaragua, where they were joined by photographers and newsmen representing Life magazine and the London Herald-Express. These two gentlemen are traveling from New York to Ecuador by jeep and trailer.

Missing the closing of the customs by a few minutes, the group bedded down around the Customs Office. During the night Carl Hunter awoke and exclaimed, "We've slept in the damndest places!", which was immediately adopted by me as the title for the adult level book I am writing for the lighter sides of the expedition.

Reaching Managua the next day, one of our members was extremely anxious to have sleeping accommodations at an American-English School. An attempt to contact the director was to no avail as he was at a fiesta, so a note was left at his home and the group settled down at the school. This, only after a heated discussion by the members, in which it was brought out that we would probably be asked to move—

Majority rule winning the discussion we bedded down and were fast asleep by 1 a.m. when the director appeared, and while polite, let us know we were breaking a board policy, so we took up our beds, got on our scooters and traveled down the highway until we found a large tree for shelter and re-established ourselves—celebrating this adventure by drinking a gift bottle of champagne given to us at a dinner in Guatemala City, following which Carl recited prose. Bob turned on the lights of his scooter and wrote notes home. Vic rolled up in his pancho to the accompaniment of my deep breathing.

In closing this item, it seems apparent after passing through countries that higher education is limited to students of means, or families that have money. Thus, it poses somewhat of a problem when students of above sixth grade level comment on government or national scenes, since their viewpoint would probably be representative of a minority of the population. The factor of age also enters the picture to make it more complex. Students of above sixth grade level, according to most authorities are experiencing the struggle for breaking from dependence to independence, thus their comments might be in direct opposition to that of their families, but certainly not that of the various economic levels.

These are important factors that the P.A.E.S.G. (Pan American Educational Study Group) are now facing in its initial stages of bringing the materials together for a composite picture of education down here.

Each member of the group is an individual who is evaluating from his own previous experiences, thus, each will see each experience differently.

This writer has been most impressed with Central America. What he has seen and experienced on this journey strengthens his belief in the United States and his pride in being a citizen of a country in which extremes in education may be overcome by intelligence and hard work.

Paris B. Simmons

E. F. Meluish Wins Heart Contest

E. F. Meluish of 20 Victoria street has been announced as the Westlake winner for the Sears Roebuck Co. "Heart's Desire" contest.

The winner's name was made known at the Westlake store last Thursday, announced Stan Sugarman, local store manager.

Award for the local division of the contest was a Turbo-matic combination washer-dryer.

CARAVAN

(Continued from Page 1)

His remarks will be followed by a 20-minute demonstration by James, general manager of Frontierland at Linda Mar and popular Western showman, on gun handling and gun safety. James will make a second appearance at 3 p.m. when he will go through a series of quick firing routines with Winchester rifles.

The band concert will continue until 3:45 p.m. At 4 p.m., Verducci and Miss Daly City will be introduced at the Fiesta Bowl variety show. They also will appear on the 9 p.m. Fiesta Bowl program.

Meanwhile, one of the biggest attractions in the Twin Industrial Building since the fair opened to record crowds last Friday has been the Daly City booth which features a pictorial history of the city.

The booth has been the location for a popular Goldfish Giveaway in which goldfish, in small bowls appropriately labeled with the Golden Anniversary dates, are given away every 15 minutes.

Programs containing the full schedule of the Golden Anniversary week activities and other information about Daly City also are being passed out at the booth.

JUHS Trustees

(Continued from Page 1)

ing to adequate chemical treatment. The Terminix Co. of Northern California, San Francisco, was designated to make a study and report to them.

The board approved the hiring of Brewer & Associates at \$950 as foundation engineers for the Jefferson High revamp project.

The board also approved allocating \$290.90 for installation of an electric outlet for an automatic sprinkler system at the Jefferson gym.

In other action the board: Approved the bid of \$44,297 from the firm of Fisk-Firenze and McLean, Inc. of Burlingame to do various work on the Oceana High School project. This consists of street work, extension of a 48 inch pipe and headwall south of the improvements, fire protection system, on-site grading work, outfall structure, and adding to the width of pavement, etc. Bid was accepted subject to approval by the Department of Finance and the City of Pacifica, which is sharing some of the costs.

Approved the hiring of Bregato Paving Co. of Belmont to pave the access road leading from Terra Nova High School for \$14,494, subject to approval by the Department of Finance.

Was read a notification that seeding and turfing of Terra Nova grounds was scheduled to begin this week.

Approved resuming staff-board meetings for this school year, with the arrangement for such meetings to be worked out at the board's next meeting.

Heard a detailed report on their insurance program from their insurance adviser, Peter J. Markovich, and instructed him to inform Dist. Supt. Edward Morgan of the latest information on Senate Bill 722 which requires a district to carry traveling insurance on all of those persons participating in out-of-town athletic programs.

Approved the hiring of Dexter F. Leland as an instructor of social studies at Westmoor; Ignacio Carrafas as a gardener at Terra Nova; Katherine Gibson as cashier at Terra Nova; John Maassen as gardener for Terra Nova; and Mrs. Arlene Gallegos as a secretary in the central office.

The special sales promotion was held throughout the Sears chain, with prizes being awarded locally through each store.

JESD Trustees

(Continued from Page 1)

at the \$2.50 rate, could be spent for playfields, sprinkler systems installed at various schools and a tennis court at Benjamin Franklin School.

Mrs. Mullen's move came after President Douglas opened the hearing to take up any verbal or written protests against the proposed budget—the one based on a \$2.40 tax rate. There were none. Douglas closed the hearing and before a vote could be taken, Mrs. Mullen moved that the \$2.50 tax rate limit be adopted, automatically adopting the higher budget. The vote was taken, resulting in a 3-2 decision.

Capital outlay, expected increase in students, and teachers' salaries account for a large share in this year's budget.

Douglas figured that the new budget would bring in \$60,000 more to the district. Noonan stated that basing it on the \$70 million valuation of the district, it was likely that the district might get as high as \$70,000. In either case, the amount undoubtedly will be used for capital outlay.

As a result of the 1959 Montana earthquake, 19 persons were reported missing and presumed dead.

ECONOMIST PREDICTS EFFECTS OF CHANGES IN POPULATION

The rapid growth and changing age composition of population in the United States will greatly affect the demand for agricultural and industrial products and the labor force in the Sixties, a University of California agricultural economist predicted.

Dr. G. Alvin Carpenter said that the more important changes expected in the population makeup are:

1. Total population will rise about 18 per cent.
2. Children under 15 will increase about the same rate.
3. Youth 16 to 19 will jump about 44 per cent.
4. Young people 20 to 24 will soar 53 per cent.
5. Persons in their thirties will decrease six per cent.
6. Elderly people over 65 will grow 24 per cent.

Carpenter forecast that these population changes will bring major shifts in the demand for goods and services.

"The demand for teen-age clothing, educational services, and recreation will climb sharply," he said.

"There also will be a marked alteration in the demand for housing from single-family homes to apartments to be occupied more by young married couples who are likely to have limited financial resources.

"On the other hand, the demand for new durable goods such as automobiles, refrigerators, television sets, and washing machines probably will increase less rapidly because the main market for them is the 30 to 45 age group which will remain rather static in the next decade."

Carpenter believes that the labor force available to produce these goods and services will rise about as much as the total population and somewhat faster.

"The boost will be abnormally large in the group under 25 and there will be more than the usual proportion of young, inexperienced workers at the same time that the demand for such employees will be declining in both agriculture and industry," he said.

TV and RADIO

By Mona Baker

Up from Hollywood was a group of network executives and stars to meet with San Francisco members of the television industry to stimulate interest in forming a local chapter of the National Academy of Television Arts and Sciences. Adding beauty and glamour to the gathering was Jayne Meadows (Mrs. Steve Allen), Eleanor Donahue and Gail Patrick Jackson who addressed the meeting. Also speaking was Dr. Frank Baxter who referred to KQED as the "number one educational television channel in the nation."

Best known to the public for the annual "Emmy" awards which are voted on by the Academy members, the organization has many other functions including workshops, a new quarterly publication, scholarships and a speaker's bureau. There are now approximately 6000 members in the Academy with chapters in leading cities throughout the United States. It was the consensus of opinion by the visiting celebrities that San Francisco should join.

A local committee for the Academy has been organized and includes Ken Langley, chairman, Nancy Best "Miss Nancy" of KGO-TV; Ben Draper, producer "Science in Action"; Martha Conger, J. Walter Thompson, advertising; Herb A. Rikles, Regional Manager TV Guide and Don Arlett, KTVU.

We certainly agree that San Francisco would benefit by joining the Academy. With the trend toward more local programming as well as San Francisco originations of network shows, such an affiliation would give prestige as well as national recognition to local television.

Adding impetus to the opinion that viewers do appreciate thought-provoking, stimulating television is the recent experience of KRON-TV. Now on the air (6:30 p.m. Sun.) a program titled "A Way of Thinking" featuring Dr. Albert Burke who conducts a sort of TV essay type of program, discussing a wide variety of subjects from Communism to space rockets. According to Promotion Manager Dick Robertson the view response for copies of the scripts has been "overwhelming" and the program has "really created a stir

12th Naval Dist. Increasing Share Of Big Buildup

The Twelfth Naval District has taken steps to provide its share of the 29,000-man increase in naval strength recently authorized by the President and Congress.

With approximately 46,000 naval "Ready" and "Stand By" reservists living in northern California, Nevada and Utah, the Twelfth Naval District Headquarters has urged officers and men in certain critical categories to volunteer for active duty periods of twelve months or more and for those already on active duty to enlist or extend voluntarily.

Especially needed among the officers, lieutenants and below, are general line, aviators, aeronautical engineers, doctors, dentists, nurses, supply corps, chaplains and civil engineers.

Enlisted personnel qualified as guided missileman, nuclear weaponsman, torpedoman, radar, sonar and radioman, mine, torpedoman, and interior communications technicians, among others are considered critical.

Qualified reservists are requested to get in touch as quickly as possible with commanding officers, reserve training centers, which are located at Treasure Island, Alameda, Monterey, Sacramento, Stockton, San Jose, San Mateo, Santa Cruz, Vallejo, and Fresno in California; Reno, Nevada, Salt Lake City and Ogden, Utah.

Gerald Molino Earns Vet Medicine Degree

Gerald Molino, son of Mr. and Mrs. A. Molino, 370 Willis avenue, recently received a doctor of veterinary medicine degree during graduation ceremonies at the University of California at Davis.

Gerald is a 1954 graduate of Jefferson High. He attended the College of San Mateo, and was graduated in 1956. He also attended Our Lady of Perpetual Help School, from which he was graduated in 1950.

among KRON-TV viewers."

COMING PROGRAMS: Live coverage by KTVU (Aug. 12, 1 p.m.) of Northern California Regional playoffs of Little League Baseball. The game will be played in San Lorenzo.

New hour-long children's religious series, "Children and God" premieres over KPIX and will be seen on Sundays at 10:30 a.m.

COLMA MAN — Lieutenant (JG) Jim Norton, 459 "D" Street, Colma, gets ready for an operational jet training flight in the A4D Skyhawk

1960 Saw 3,925 Persons Charged In Courts With Narcotic Offenses

A total of 3,925 defendants were charged in California's Superior Courts in 1960 with narcotic offenses, reveals the Bureau of Criminal Statistics in its annual report to Attorney General Stanley Mosk.

Marijuana filings topped the list with 2,339 defendants, or 59.6 per cent of the total narcotic filings. Offenses, other than marijuana, involving morphine, heroin, cocaine, etc., were charged against 1,358 defendants—34.6 per cent. The remaining 5.8 per cent were defendants charged with miscellaneous violations involving dangerous drugs.

Thirteen cases of sale of narcotics to minors, plus 49 cases of sale of marijuana to minors were recorded in 1960. Out of the 62 cases of sales to minors, 42 were prosecuted in Los Angeles County and 20 in the rest of the State.

Approximately 66 per cent of all narcotic filings were in Los Angeles County, 4 per cent each in San Diego and Alameda Counties and 6 per cent in San Francisco County. The balance of the State contributed the remaining 20 per cent.

Los Angeles and San Francisco Counties had the highest proportions of narcotics other than marijuana cases. More than 77 per cent—2,883 out of 3,721—were convicted, as were two-thirds of those prosecuted for sale of marijuana to minors. All defendants accused of sale of narcotics to minors were convicted.

The report shows that of the total convicted for narcotic offenses, 40.3 per cent—1,161—went to prison, 36.6 per cent—1,056—were placed on proba-

tion, and 15.8 per cent—455—received jail sentences. The remaining 211, or 7.3 per cent, were committed to the Youth Authority.

In a special study of narcotic arrests and dismissals the report reveals that 596 narcotic complaints were dismissed in the lower courts during 1960. Of this number, 191 (32 per cent) were complaints issued on narcotics other than marijuana; 345 (58 per cent) were marijuana complaints; 60 (10 per cent) were complaints for dangerous drug and miscellaneous narcotic offenses.

"It should be pointed out that of the total of 596 narcotic dismissals, 136 or 23 per cent were dismissed because of prosecution on other felony complaints or by grand jury indictments," states the report. "It is characteristic of certain types of offense groups that there will be more than one felony complaint outstanding or that the grand jury will indict subsequent to the felony complaint being issued. Narcotics is one offense in this category; other are homicide and robbery."

"Education For These Anxious Times," was the subject of a talk given recently by Dr. Robert Thornton, professor of physics at San Francisco State College to the Daly City Rotary Club.

Dr. Thornton gave the Rotarians an informative and interesting talk on the role of education in our lives today. Program chairman was Henry Kuns.

Thirty-five employees and sons and daughters of employees of W. T. Grant Company were named winners in this year's competition for William T. Grant four-year College Scholarships, according to information released by the Educational Testing Service of Princeton, New Jersey, administrators of the scholarship program.

The announcement locally came from A. Longman, manager of the Westlake store.

The scholarships, named in honor of the founder of W. T. Grant Company, are made possible by a gift from The Grant Foundation, Inc., and are open to annual competition by employees and sons and daughters of employees of the W. T. Grant Company, national general merchandise store chain. They range in value from \$200 to \$2,500 per year for four years at the college of the winner's choice.

Final selection of the winners and determination of the amount awarded each winner is decided by the Selection Committee, which this year was composed of Dean John Monro, Harvard College; Richard King, Associate Director of Admissions and Financial Aid, Harvard College; and Norman Harrower, Corporate Scholarship Officer, Yale University.

Fifty-five William T. Grant Scholarships have been awarded during the four years the program has been in effect.

Smith is a customer engineer with International Business Machines. He resides at 555 Myrtle avenue, San Francisco.

It's News To Vets

QUESTIONS AND ANSWERS

Q.—Is it true the GI loan deadlines have recently been extended?

A.—Yes. New deadlines now vary according to length of individual service. They may be as late as July 25, 1967, for World War II veterans and January 31, 1975, for Korean veterans. See your nearest VA office for full details.

Q.—What sort of discharge or release from war service is acceptable for purposes of VA hospitalization, provided the veteran is otherwise eligible for this care?

A.—Discharge or release under conditions other than dishonorable.

Q.—My husband, a World War II veteran, recently died, and I've been told I may be eligible for a pension, even though his death was not the

result of a service-incurred injury. Is this correct?

A.—Yes, effective July 1, 1960, widows and dependent children of deceased World War II and Korea veterans were granted the same death pension benefits formerly available to dependents of deceased World War I veterans.

Q.—My uncle, a World War II veteran who has been staying with us for the past month, is having difficulty with his artificial leg. Can he get it re-adjusted or repaired at government expense?

A.—If your uncle is service-connected, he should have a prosthetic service card and this will entitle him to emergency repairs and adjustments up to \$35. If he does not have a prosthetic service card, he should contact the nearest VA Regional Office.

No Civil Suits For CD Workers While On Duty

The personal injuries or property damage caused to other civil defense or disaster workers in civil defense operations is immune from civil liability, ruled Attorney General Stanley Mosk this week.

The use of minors in civil defense and disaster work is no exception to Section 1591(b) of the Military and Veterans Code which established the immunity, the ruling declared.

Among persons who have volunteered for civil defense are many minors. Director Allan K. Jonas of the California Disaster Office raises the question of the possibility of increasing the hazards of defense work, and whether the adult volunteers, agencies or agency officers might incur civil liability in the event of an accidental injury to these minors.

The Code section absolves agencies and persons from such liability, rules the Attorney General. Formal or informal approval of parents and guardians of minors is recommended as a desirable policy as to the extent of agencies and persons involved not being liable in the event of injury to a minor volunteer.

Wrong Name Dope Buyer Faces Arrest

A person who purchases an exempt narcotic and gives a fictitious name and address may be prosecuted under the Health and Safety Code, ruled Attorney General Stanley Mosk this week.

Section 11170.5 of the Health and Safety Code declares illegal the use of a false name or address in purchasing narcotics.

Section 11200 of the Code exempts certain preparations from the provisions requiring prescriptions and physicians' reports.

Codine is an exempt narcotic and is an opium derivative which while not requiring a doctor's prescription, does require the person purchasing codine to register his true name and address with the dispensing pharmacist.

Section 11200 "does not declare that he exempted codine and opium preparations are not narcotics. Since there is no provision to the contrary they are narcotics . . . and therefore are subject to the requirement of section 11170.5," states the opinion.

Letters To The Editor

Homeowners Assn. President Lauds City Council Work

Dear Editor,

On Saturday, October 7, Mission street in Daly City will be the scene of a beautiful parade, thus starting a week-long celebration of our city's Golden Anniversary as a municipality.

Fortunately the citizens of Daly City have superb leadership in its present councilmen, namely St. Clair, Dennis, Verduci, De Bernardi and Pacelli. Through their efforts, over \$90,000 of State funds were allocated to remove the obsolete car tracks and repair Mission street, also providing a concrete dividing strip for safety and palm trees for beauty.

During the past year since the completion of this important project no life has been lost or any serious injuries due to auto accidents. This is certainly a contrast to the many deaths and accidents which occurred in the years previous to these improvements.

Again I wish to congratulate

Scout Group Is Back From Camp; Enjoy Activities

Troop 343, Lake Merced District, San Francisco Council, Boy Scouts of America, was well represented at Camp Royaneh on the Russian River, from July 23 to August 5.

Some 17 boys enjoyed two weeks of outdoor camping, swimming, boating and horseback riding, additional classes were held for rank advancement and the passing of merit badges. They were under the very capable leadership of that well known swimming director of Central YMCA, Bonnie Tizon.

Two of the scouts were awarded special honors by being chosen as candidates for the Order of the Arrow; they were Jim Lowenstein and Steve Sale. This is one of the special honorary awards for scouts showing outstanding camping abilities in relation to their overall scouting activities and leadership.

Those attending camp were Steve Sale, acting Senior Patrol Leader, Jim Lowenstein, Paul Carrara, Ed Penna, Bob Mason, Bill Slocum, Mike Tufo, Lloyd Clay, Vern Angelo, Steve Sweet, Art Christiansa, Bob Steinfield, Leo Pilchowski, Bob Bomhefner, Jim Fithian and Jim Wright.

Special activities included a trip to a Cazadera Lumber mill, an evening of entertainment in the Camp Royaneh outdoor amphitheatre provided by the Bohemian Club, and which featured Andy Devine. A competitive one-mile swim was held with about 48 boys from various San Francisco District troops taking part and only about 30 completing the swim. Troop 343 was fortunate in having two scouts completing the event and receiving their special awards. They were Steve Sale and Jim Lowenstein.

VISITING Reverend Estanislao A. Abanza of the Philippines spoke Sunday at the Seacraft Community Church. He will spend two years in the United States as a theological student.

Hearing On Motor Coach Line Slated For August 15

The Public Utilities Commission will conduct a public hearing on Tuesday, August 15, at 2 p.m. in Room 282, City Hall, San Francisco, on the proposed extension and re-routing of Municipal Railway Motor Coach Line No. 29—Visitation.

The public is cordially invited to attend and present their views on the proposed revision of this route.

Seaman Robert Aita In Navy Exercise

Case Dismissals Cut Sharply Into Actual Charges Tried In Court

Dismissals of felony complaints in lower courts because of insufficient evidence, or in the interest of justice, accounts for the differences between complaints filed and charges filed in California courts during 1960, reported Attorney General Stanley Mosk this week.

Mosk's statement is based on

the "Crime in California—1960" criminal statistical report for the year, in a report just released to law enforcement officials.

The grand total of felony complaints dismissed was 8,433, which represents defendants dismissed, irrespective of whether they were prosecuted on other felony charges. Of

Mrs. Batz Installed Senior Group Prexy

Mrs. Beatrice Batz was installed president during a recent meeting of the Westlake Senior Citizens Group.

Other officers installed were this total, 7,516 defendants did not go on to any other felony prosecution in the superior court of the reporting county and 917 were prosecuted on other felony complaints or indicted by the grand jury.

Of the total number of cases in which felony action was terminated in the lower courts, 2,987, or 40 per cent, were dismissed for insufficient evidence or in the interests of justice. Almost a like number, 2,967, or 39 per cent, were reduced to a misdemeanor level. The balance of 1,622 complaints, 21 per cent, were dismissed for one of three reasons: (1) defendants certified to juvenile court, (2) defendants prosecuted in other jurisdictions, or (3) victim unavailable or declines to prosecute.

Mrs. Irene Farisy, vice-president; Mrs. Marie Bernard, secretary, and John Madsen, treasurer.

The group meets at the church auditorium on Southgate avenue near Elmwood drive, Wednesdays, 10:30 a.m. to 3 p.m.

Members bring their lunch, and tea and coffee are served.

Activities include singing, needlework, card games—such as whist, auction bridge, cribbage, solo, pinocle, canasta, chess, checkers and dominoes—croquet, horseshoes, and stamp, coin and seal collecting.

The group also has picnics and distant bus trips.

The Westlake Senior Citizens is a non-denominational group and welcomes new members. For information, call Director Mrs. Alyce Madsen at PLaza 5-2630.

Oscar Koolpe Family At Forest Lake Resort

Among recent guests at Forest Lake resort in the Cobb Valley of southern Lake county were:

Mr. and Mrs. Oscar B. Koolpe and family, 15 San Juan avenue, Daly City.

A GOURMET'S DELIGHT is the new Sunday Smorgasbord which was recently inaugurated at the Red Chimney Restaurant in Stonestown. Here you see matching setting and dishes.

Gardener's Checklist

- 1.—Disbudding Dahlias will produce larger blooms from the buds left.
- 2.—Feeder roots of most shrubs are not near the trunk but out around the so-called "drip line." Remember this when using plant food.
- 3.—Clay pots dry out less quickly if you double pot them. Use a larger pot outside the smaller one which holds the plant.
- 4.—Spray Roses regularly. Feed them at least once each month during growing season and keep faded blooms picked off.
- 5.—Primroses are better divided now than later in fall. Shasta Daisies are better divided in spring. Simply cut them back after bloom this summer.

Good Soil Along With Proper Food Needed By Plant

All things considered, the proper feeding of plants can probably do more for the looks of your garden than any other single factor. Not that water isn't more important to sustain life, but all the water in the world won't help an undernourished plant in poor soil.

Before you run out and scatter a sack of plant food, however, consider these words from the California Association of Nurserymen: Food does no good without water to help a plant absorb it; and unless the soil is porous, neither food nor water is likely to reach the plant's roots and be absorbed.

First, then, the wise gardener looks to the conditions of his soil. Sandy soils that hold neither water nor food and compacted soils that won't be penetrated must be improved. Work steer manure and/or compost in to bulk up the soil or lighten it as the case may be. A commercial soil conditioner applied to heavy soil after you've worked it over will help keep it in shape longer.

This done, you can now scatter your sack of plant food, but what do you scatter? A balanced fertilizer? Liquid fish? A food predominant in some single element? A foliar food? An acid food?

Most fertilizers on the market are "complete" foods and include nitrogen, phosphorus and potash as their main ingredients with several trace elements added. These are to be used on most trees and shrubs, on annuals and in the vegetable garden. Often, however, it is desirable to use food that is unbalanced in favor of one particular ingredient. Lawns often respond to strong nitrogen applications. Roses grow sturdier stems with extra potash.

Carefully follow the directions on each label. If you have further questions, a chat with your C.A.N. nurseryman will explain them.

Marsha Ojakian Off To Sierras; Scout Activity

Marsha Ojakian, Senior Mariner Scout, packed her bongos, bags, and bathing suit and left for the High Sierra Caravan, last Monday morning. The trip will be August 7-19 and will take Marsha to three different camps with four days in each.

Marsha is one of 40 Girl Scouts from the whole Bay Area who will make the trip which will take them to: Sierra Woodland, near Gold Lake; Two Sentinels, at Lake Kirkwood; and Sandierra, near Sonoma Pass.

The Scouts have been divided into five patrols with eight girls in each group. Each patrol has selected a special bit of costume for identification. Some were wearing straw hats, others, sailor hats and Marsha's patrol was wearing snow caps and fancy garters.

Activities will include many types of outdoor sports such as swimming, boating, hiking. There will be games, singing, outdoor cooking, and nature study. Most of the Girl Scouts have already spent about eight years within the organization and this is one of their most dreamt of camping trips. The National Roundup which takes place next July in Vermont, is the prize that many of the Girl Scouts look forward to.

Senior opportunities are many and exciting and are an added attraction to Brownie Scouts who have set their sights for the future.

Any girls 7-18 who wish to join the Girl Scout group may inquire at their schools or telephone Mrs. Harold Brown, district chairman, at PL 5-3053.

SAFETY IN BOATS

Always slow down or stop before you change position or stand up in a small boat, advises the National Automobile Club.

DESSERTS OF THE WEEK FROM Betty Crocker

On a hot summer evening it's nice to serve a simple meal and top it off with something special for dessert. Cake and ice cream is always a favorite—or tempt the family with any one of these special-for-summer ideas.

Cake-of-the-week

FRENCH RIBBON CAKE

Make Betty Crocker Marble Cake Mix batter as directed. Pour 1/2 yellow batter into prepared layer pan. Add marbling mixture to remaining batter and pour into another pan. Bake and cool. Split layers. Fill and frost with 1 1/2 cups whipping cream whipped with 1/2 cup sifted confectioners' sugar. Alternate yellow and chocolate layers. Trim with grated chocolate. Chill.

Family favorite:

FIESTA CAKE

Bake Betty Crocker White Cake Mix batter in oblong pan, 13x9 1/2x2". Cool. Whip 1/2 to 3/4 cup favorite jelly with a fork until syrupy. Frost top and sides with jelly. Sprinkle cake thickly with flaked coconut.

Cool-for-summer

SUN VALLEY SUNDAE

Bake Betty Crocker Milk Chocolate Cake Mix in oblong pan, 13x9 1/2x2". Cut into squares. Top with a scoop of ice cream and Chocolate Fudge Sauce. Easy recipe for sauce on Betty Crocker Chocolate Flavor Fudge Frosting Mix package.

BETTY CROCKER

Remember?

CARRYING a banner made of magnolias in the 1932 San Mateo Floral Parade representing Potting Elementary School PTA are three of Daly City's youngsters who were pupils of that school then. Recognize them? From left to right is Bernard McDermott, son of Mr. and Mrs. Frank McDermott of this city. In the middle is Howard Byrne, who now lives in South San Francisco with his wife and family. He is owner of the Peninsula Heating Co. there. The boy on the right wearing that broad smile is Howard's brother, Bob, who is today owner of Byrne Radio & TV Shop here in Daly City, and still lives here. This picture of Bernard and the Byrne boys was loaned to the newspaper by the Byrne's parents, Mr. and Mrs. Edward Byrne, who lived in Daly City for many years, and are now residing in San Mateo.

Garden Village 'Surprise Day'

The walls were bursting at Garden Village last Friday when over 70 children from 3 to 16 years of age jammed the gameroom for the July surprise event of the summer recreation season.

A wide variety of prizes were awarded by Ed Mosconi, Bill Mendosa and floor manager John Belforte.

Winners were: Grand prize winner, Scott Ghilarducci, age 11, (Pony Race Game); Bob Fernkes, 13; Sylvia Castro, 13; Glen Gurganus, 11; Tom Wilcox, 13; Mary Bernice Pinelli, 6; Sandra Gurganus, 7, and Reed Hargrove, 10.

Eat Less Fat For Strong Heart Say Authorities

Eat less fat and substitute a substantial amount of liquid vegetable oils for solid animal fats such as butter and fat in meat are two principal dietary changes recommended in a new leaflet being issued by the San Mateo County Heart Association.

According to the leaflet, entitled "What We Know About Diet and Heart Disease," some dietary changes are suggested for people prone to risk of heart attack or stroke.

Dr. Jack Poinsnick of San Bruno is chairman of the nutrition committee for the Heart Association, responsible for distribution of the leaflet in the county. In quoting from this leaflet, published by the American Heart Association, Dr. Poinsnick finds that "there is no final proof that changing the fat content in the diet will prevent heart attacks or strokes. Important changes in diet should be made only on medical advice."

High Holidays For Jewish At Linda Mar

The Jewish High Holidays will be observed by local services for the first time in Pacifica's history.

The Jewish Community Center of Pacifica will sponsor Rosh Hashana (New Year) services September 10 at 8:30 p.m. and September 11 at 10 a.m. with children's services at 2 p.m. September 11.

Yom Kippur (Day of Atonement) will be observed September 19 at 8:30 p.m. and September 20 at 9:30 a.m. with children's services at 2 p.m. September 20 and Yizkor (Remembrance of the Dead) at 3 p.m. September 20.

All services will be held at the Linda Mar Baptist Church. Mort Levinson is chairman for this High Holiday program. He will be assisted by Alan Resch of Daly City, new director of the Sabbath School, who will act as cantor at the services.

For the entire series there will be a charge of \$7.50 per family for members and \$10 per family for guests. There will be no assigned seats, but since space is limited, all interested should call JCC secretary Betty Cain at FL 5-2959 for reservations.

San Francisco's negro population increased from 43,502 in 1950 to 74,383 in 1960.

Rules and Regulations on GARBAGE COLLECTIONS

Weekly maximum allowances on monthly rate: One can ONLY — maximum 40 gallons.

- Small wooden box, approximately 2 cubic feet for grass cuttings—no dirt or rocks in can or box.
- Weekly newspapers tied in bundle next to can.
- Flatten out all cardboard boxes and tie them securely with heavy cord, place beside can.
- Remember to put can out the night before, next to the curb.

Benefits For Disabled Are Discussed

By Mercia Leton Kahn
(Manager of the San Francisco
(Mission) Social Security Dis-
trict Office).

In the preceding articles in this series, I have outlined the major changes in the social security law recently enacted by Congress. One other change can save benefits for workers who can least afford to lose them—the disabled and their families. Until the new amendments were signed, a worker with a severe disability of some years' standing had until June 30, 1961, to apply for his disability insurance benefits. Disabled workers who had been unable to work for some years, and who delayed applying beyond that date, could lose all rights to current and future benefits for themselves and their dependents.

In the 1961 amendments, Congress has given these disabled workers one year more—until June 30, 1962—to apply for benefits through their social security office under the disability provisions of the law. More than one-half million disabled workers under 65—and their dependents—are now receiving monthly benefits. But there may be other eligible disabled workers who have not yet heard that those benefits are payable. This action by Congress will, we hope, call their attention to their rights and encourage them to make application for their benefits.

To be eligible for disability insurance benefits, a worker must have credit for at least 5 years' work under social security during the 10 years before his disability began. In addition, he must be so severely disabled that he cannot do any substantial gainful work. The disability must have existed for at least 6 months and be expected to continue indefinitely. While a worker is receiving disability insurance benefits, dependents benefits can be paid to certain members of his family—just as in the case of a retired worker. Payment can go to any of his children who are under age 18, or who have been totally disabled since before they reached 18. His wife, regardless of her age, can be paid benefits if she has in her care a child who is eligible for these dependents' benefits. If there is no child eligible for benefits, the worker's wife may qualify for payments when she reaches 62.

Any disabled worker who believes he may be eligible for disability benefits should get in touch with his social security office now. A person who is unable to visit his social security office may telephone or write, or ask someone else to make the call for him.

The social security office which serves residents of Daly City, Colma, and Pacifica is located in San Francisco at 761 South Van Ness Avenue. The telephone number is: Mission 7-9722.

Fitzgerald Asks Help From JFK

Supervisor James V. Fitzgerald this week sent a telegram to President John Kennedy asking for Federal assistance in setting up a survival food package program in San Mateo County.

Fitzgerald is chairman of the city-county civil defense and disaster planning board.

In the telegram, Fitzgerald suggests that the Federal Government package surplus food in daily survival food packages packed for long storage and to be as small as possible. The Government should price the items at cost, plus distributing costs, and these packages should be available at convenient locations, including grocery and drug stores.

THESE ARE the seventh graders of the old Woodrow Wilson School, located on Santa Barbara ave., back in 1920, posing in front of the school with their teacher, Miss Eckhardt (Back row, standing at the

far left,) and their principal, Mr. Savage (to the right of her). Mrs. Rose Lufano, 307 Santa Barbara ave., who was then Rose Lucia, and who submitted this picture for publication, is seated in the third row, far right. Many of the youngsters in this picture are still residing in Daly City. Recognize anyone? Yourself maybe?

What Happens To A Country When The Russians Take Over?

What happens to a once-thriving industrial district when the Soviets move in? What happens to the people, the commerce, the transportation system?

One answer, probably the most detailed of its kind, has been given by a young UCLA geographer after a year's study and on-the-spot investigations in the Etela-Saimaa district of southeastern Finland.

Before World War II, the district was a 700-square-mile area of agriculture and heavy industry inhabited by some 100,000 people. Following the Finnish-Russian peace treaties of 1940 and 1944, the district was split down the middle and divided between Finland and Russia, with each half trying to build a new and separate life.

The most radical results of the north-south partition has been the evacuation of some 30,000 Finns from the part taken over by Russia. Dr. Ronald A. Helin of the UCLA Russian and East European Studies Center reports in his doctoral dissertation. Where once roads, railroad tracks, and canals crisscrossed the district, a thin sliver of no-man's land on both sides of the border slashes all communications.

On their side, the Russians, who consider their new territory a protective buffer for Leningrad, have downgraded much

of the agricultural land to forests or fallow fields. But they have expanded and industrialized many of the old Finnish settlements and constructed additional hydroelectric facilities to supply power for Leningrad.

In the Finnish part of the district, the government has stepped in to reroute and build up the transportation network. With the loss of markets, electric power, and shipping facilities caused by the partition, no new Finnish industries have moved into the area, but some of the severe unemployment has been relieved by the expansion of old industries and through public work projects.

Walgreen Again Lowers Price Of Medication

C. R. Walgreen, Jr., president of the nationwide drug store chain, this week gave notice that Walgreen's is taking the lead to keep prescription service where it has traditionally been—in the nation's drug stores. It marked the first major public reply to the price challenge of mail-order prescription firms, discount houses, food stores and other new entries in the pharmacy field.

C. R. Walgreen, Jr.

"Price is not the principal ingredient of any prescription," stated Walgreen, "but neither can its importance to customers be overlooked."

"Walgreen prescription prices have always been under the average, because we have always believed in serving community health needs at minimum cost. Now, we are proud to announce still further reductions in our prescription prices. We believe that our prices today are as low or lower than mailorder prescription systems, or prescription clubs, or any other publicized discount operations anywhere."

"But the point at issue is not simply price," emphasized Walgreen. "For our country's traditional pharmacy service—via the neighborhood drug store or prescription shop—must not be lost to any community. It contributes a vital public health service that cannot be given by any mail-order system or other impersonal, incomplete prescription dispensing plan."

DAGGETT

Daggett, located in San Bernardino County, is reported by the National Automobile Club to be a checking station for automobile entering California and a supply point for local mines and ranches.

Four of the eight California counties whose residents had combined personal incomes of more than a billion dollars in 1959 were in the San Francisco Bay Area—Alameda, San Francisco, San Mateo and Santa Clara.

150 Youngsters Attend Fish Day; Name Winners

Approximately 150 youngsters braved a cold August 2 day to take part in the 12th Annual Fishing Day at Lake Merced, which was sponsored by the Daly City Recreation Department.

Donald Alberti, of 59 Westdale avenue, caught the biggest fish, a whopper about 10 inches long. The second biggest fish was caught by Sandra Williams, of 144 Santa Cruz avenue. The third largest was caught by James Glass, Spotlite Market, Bill Blum, 33 Dorchester, caught the smallest fish—about 1½ inches long.

Jim Knauss, 8 Crestview avenue, took the prize for catching the most fish. He caught the limit—five.

Donald, Sandra, Jim and Bill were awarded prizes of a rod, reel and line. James was awarded the prize of a dip net.

Some 40 Lions attended the one-day function.

BIG TURNOUT FOR CARAVAN IS CALLED FOR

Frank Pacelli, executive chairman of the Golden Anniversary Committee, at a breakfast meeting of the committee this week, made an appeal for as many committee members and citizens as possible to join Saturday's caravan to the San Mateo County Fair and Fiesta to commemorate Daly City Day.

The caravan will gather at 11 a.m. in front of city hall. A stagecoach will carry Miss and Mrs. Daly City, and quick-draw artist Frank James to the fair grounds. From 12 to 18 old-time cars from the Old Time Cars of America, San Francisco Chapter, will carry the Queens' court and members of the Golden Anniversary Committee.

Space will be limited, so Daly City residents are urged to use their own cars. However, they can still take part in the caravan procession, which will arrive in San Mateo about 1:30 p.m.

Pacelli also reported to the committee that the Goldfish Bowl at the fair, from which are being given two goldfish free every few minutes, is doing a good business.

Committee chairmen in their reports stated everything was progressing nicely.

King Regal Holdup; Second in Few Weeks

Three young men got almost \$600 from the King Regal station, 2401 Junipero Serra boulevard, last week. It was the second robbery the station has had in recent weeks.

According to Daly City police officers, the driver of the get-away car apparently drove away from his gunman friend, leaving the friend running after the car, but then returned a few minutes later to pick up the man.

Healthy Garden Reflects Happy Life Of A Grower

(This is the second of a series of articles prepared by members of the Daly City Garden Club to call attention to a home garden contest and a flower show the club is sponsoring in connection with the Golden Anniversary Celebration, October 7-14. The home garden contest will run through August and September and the flower show will be held September 10 and 11.)

By MARTIN BRUN

Interesting gardens generally belong to interesting people and gardening is really the secret of a healthy and pleasant life. Since color is the chief glory of a garden, April can be likened in the world of gardening to the prelude of the opera.

The greater part of my life has been spent in looking over other people's gardens and the comment most often heard is: "My garden doesn't seem to be quite right to me."

In many cases something is missing. A pergola or an arbor of pleasing design built into an herbaceous border may change the picture. When the garden paths seem to be wrong, perhaps a straight line path needs to be given a gentle curve.

A purposeless path needs, at its end, a bird bath, a sun dial or some other feature: a terrace path of gravel needs paving with flagstones; a path adjoining a rocky area demands a crazy paving. All path borders require some permanent edging

of brick or board. In addition to flower edging, crazy paths look best with an informal edging of stones or similar materials. A permanent flower edging especially charming is Cat Mint but it needs plenty of space.

Form flowers deserve to be used more often as edging subjects. Snow in Summer, which bears masses of white blooms also is an excellent edging plant.

The perennial Candy Tuft is a good all-year edger. Taxifraga Hypochoeroides makes a splendid mossy cushion. For a shady part of the garden Vinca Minor (periwinkle) is ideal. Also delightful are the Thymus, notably Taurus and Targentus. Melianthus Major (honey bush) can change an unsightly corner into a place of startling beauty.

A sunken garden may help to reduce any appearance of flatness which may have been noted as a defect and will give an appearance of spaciousness.

Aeoniums deserve to be much more popular in California. Aeoniums Hybrids, with their yellow flowers bloom from March to June in profuse pinacles and when grown in mass formation can provide a breathtaking view.

Aeoniums Similis is ideal for border and hanging baskets. The Castor Bil Bear will produce remarkable sub-tropical effect along the back of the borders.

Some of the more popular plants for providing contrast to gardens in the Bay Area are Rhododendron, Azalea, Pleroma, Amaryllis, Cyclamen, Cineraria, Pansy, Camellia, Primroses and the remanitized Ophiopogon.

Mrs. Porter Given High VFW Citation

Mrs. Emma Porter, chairman of Veterans of Foreign Wars auxiliary, Old Glory Post 2044, was recently presented with a citation at the August 6, 12th District meeting at the Santa Clara Fairgrounds, for selling hundreds of poppies during the last Poppy day.

Mrs. Porter sold more poppies than any other auxiliary or post member in the state. An award was also presented to Ray Brulez for the sixth consecutive year for his part in increasing membership. This was a National citation, and the first to be given to a local member.

The post and auxiliary held their annual picnic last July 30 at Blackberry Farm in Cupertino.

A number of members from the post and auxiliary attended the Department of California convention in Sacramento from July 16 to 20.

THE NEW LOCATION of Lass and Laddie Shop, on Westlake Shopping Court, was formally

opened last week. Shown at the ceremony are Irving Scott, owner of Lass and Laddie Shop,

assisted by his grandson, Steven Koppich, son of Mr. and Mrs. Eugene Koppich, of San Francisco.

Hofbrau Restaurant Set For South City

Construction will begin this week on a \$250,000 hofbrau restaurant and cocktail lounge at Spruce avenue and Starlite street in South San Francisco.

Announcement of the project was made by John Brynmor, Ilario Jessup and William Rosa, South San Francisco businessmen who will operate the restaurant as "The Starlite."

The 6,000 square-foot Swiss Chalet type building, designed by James C. Gardiner, San Francisco architect, will house the first restaurant to locate in the rapidly growing Starlite Industrial Subdivision.

Contractor for the project is Harvis Construction, Inc., of South San Francisco. Broker handling the negotiations was Louis Poletti of Daly City.

Water Problems For Delta Project Told In Bulletin

Alternative solutions to the Delta water problems to be used as a basis for formulation of the Delta Water Project are described in the preliminary edition of a bulletin forwarded this week by Water Resources Director William E. Warne to Governor Edmund G. Brown.

Adequate water supplies, recreation, and other benefits for the Delta, and good quality water for export through the State Water Resources Development System to Southern California would be provided by any of the alternative projects, which are compared in the preliminary edition of Bulletin No. 76, "Delta Water Facilities."

The Delta Water Project, when adopted, will be a key feature of the State Water Resources Development System. The basic project described in the report would cost about \$47,000,000.

Valuable, fresh water required to repel salt water from the Delta, and which now wastes into the ocean, would be salvaged for domestic and irrigation use under each plan, Mr. Warne explained. The alternatives would likewise assure adequate water supplies for the Delta's future growth and development. He said that an average annual salvage of two million acre-feet would occur throughout the 60-year period analyzed.

Additional justified facilities for flood control, sewage control, and transportation, could be added to the basic Delta Water Project, if local agencies request them and agree to pay the reimbursable costs involved.

Many 'Children' Of War Veterans Still Get Aid

Glenn Corbitt, manager of the VA's Northern California Regional Office, explained this week that grown men and women may receive pension payments as "children" of deceased war veterans.

Ordinarily, pension payments to children of deceased veterans cease when the children reach age 18, or earlier if they marry. When, however, such a child becomes mentally or physically incapable of self-support before reaching age 18, the pension payments continue until that child marries or improves physically or mentally to the point of being self-supporting.

Many of these "children," victims of incurable illness, live on to old age, Corbitt said, and still continue to draw pension payments.

Special Services For Howard Rubins At B'nei Israel

President Sherman Cohen announced that a special memorial service will be held on Friday, August 11 at 8:30 p.m. at the B'nai Israel Sanctuary at 67 Los Banos.

This service will honor the memory of Mr. and Mrs. Howard Rubin who met an untimely and most tragic death in an automobile accident on Junipero Serra blvd. a few weeks ago.

Rabbi Solomon A. Shore who will be returning from a vacation especially for this solemn service will officiate. All members of the congregation are urged to attend to pay their respects to their memory.

Officers For OLPH Holy Name Society Told

New officers for the Holy Name Society of Our Lady of Perpetual Help Catholic Church were elected recently at an executive board meeting.

Heading the list of officers is Ernest Reyes, who will serve as president for the coming year.

Other officers are: George Calegari, vice president; Joe Spinetti, secretary; Fred Klingner, treasurer; Gary Garguilo, marshal.

The Rev. Matthew Sullivan will continue as spiritual director for the group.

*Committee chairmen are: Walter Mignault, program chairman; Earl Heathcoat, educational chairman; Milan Stanley, sick and vigil chairman; Art Ramos, publicity; Carl Roeland, Catholic youth coordinator and director; and George Calegari, membership.

The group will meet on Sunday, August 13, following the 8 a.m. mass in the school auditorium for a breakfast meeting.

Seacliff Church Women To Meet

Are you looking for a social outlet with purposeful value? Why not join the ladies of the Women's Society at Seacliff Church next Tuesday morning, August 15 at 10:30 a.m.?

The theme will be "Christian Social Relations" and the ladies of Daly City are welcome to join us at Seacliff Community Church, 50 Northridge drive in Westlake Heights.

Save and bring with you your out-dated eye glasses, old nylon hose, stamps (and kind), sheets and coffee cans. We'll tell you then how these are enthusiastically received and used elsewhere. Mrs. Del Dillebeck will be in charge of the meeting. Coffee will be served and child care provided.

2,800 Local Girls Active In Scout Cooking Program

Approximately 2,800 local girls, from 8 to 18, became better acquainted with nature this summer by participating in the camping program of the Girl Scout Council of San Mateo County, an agency of the United Crusade. The Council serves the girls residing in the northern and central portions of the county.

With the growing interest in camping—Time magazine reports 16,500,000 Americans answered the call back to nature this year — leaders in Girl Scouting feel that the woman of tomorrow needs to be familiar with sleeping bags, tents, camp fire cookery and lanterns.

The variety of camping offered to Girl Scouts this summer includes the following:

Two sessions of Adventure Camp for 115 seventh, eighth and ninth graders, under the direction of Mrs. Jack Myers, San Mateo, was held at the Girl Scout Butano Creek Camp at Pescadero.

A total of 50 Brownies from the Half Moon Bay area also used the site at Butano Creek for day camping. Mrs. Ernest Alves, assisted by Mrs. Warren Peterson, both of Half Moon Bay, directed the activities.

More than a thousand girls from Daly City, Pacifica, San Bruno and South San Francisco attended the five Brownie day camp sessions and three intermediate day camp sessions at Junipero Serra Park in San Bruno. Mrs. R. E. Kraus and Mrs. A. C. Liberato, both of Daly City, each directed two sessions of the Brownie Camp, with Mrs. Mendel Plansky of Daly City directing the other. Mrs. Plansky is PTA president for Jefferson High School in Daly City. The camping sessions for the intermediate scouts were directed by Mrs. P. C. Palacios of South San Francisco and Mrs. Mickie Magnusson of Colma.

Linda Mar at Ottstad Park in Pacifica was used as the spot for 150 Brownies to get on an intimate basis with the outdoors. Mrs. Edward M. Houg of Pacifica and Mrs. H. J. Wrigley of South San Francisco directed the two sessions of day camping here. The day camping program in the Linda Mar subdivision served Brownies from Daly City, South San Francisco, Pacifica and San Bruno.

There's a world of difference between lowly lawn grasses, giant timber Bamboos and huge clumps of white-plumed Pampas Grass. But all have one thing in common: they are members of the grass family.

Moreover, if you like the unusual, they all have a place in the garden. The giant timber Bamboo might be a bit outsize, but plenty of its little brothers will add a highly decorative appeal to the landscape.

Smallest of these little brothers and most like grass in that you can mow it, is the ground covering Dwarf Bamboo. Many gardeners grow this one in pots, but an equal number use it to fill a bed. Loving moisture and rampant when it has it, Dwarf Bamboo is an appealing little thing to have around.

Golden Bamboo, a yellow-stemmed beauty, is the most used Bamboo in California gardens. It has

It will be DALY CITY DAY on August 12 at the San Mateo County Fiesta... why not plan to bring the family, join the car caravan leaving from City Hall for a day of fun at the fair.

Do hope you've had time to stop by the elegant new women's fashion store, SUE SCOTT DISTINCTIVE APPAREL, who celebrated their grand opening last week... you'll find a wonderful selection of beautiful fashions and accessories... also a new "young look" custom half size department.

Smart fashions too, for the younger set at LASS AND LAD-DIE SHOP who also have been celebrating their opening at their attractive and spacious new store... outstanding selection of national advertised merchandise for the little miss and young gent.

Just in at GRANTS... those smart coordinates advertised in "Mademoiselle" available in new luscious fall shades including magenta and jade... skirts, blouses, and slacks which you can mix or match to extend your wardrobe.

News from HOME MUTUAL SAVINGS... beginning this week new premiums are being given away for new accounts or adding to present accounts... stop by their beautiful new office and inquire about the new premiums.

Thrifty buy this week at WESTLAKE FOOD CENTER BAR-B-Q DEPARTMENT... two or more lb. family roasters (before cooking weigh approximately 3 1/4 lb.) regularly priced at \$1.99, on sale for \$1.59... remember Chef Mario packs them in his specially insulated foil bag... just pop in oven and heat for 20 minutes.

You'll find good buys on paint too at SEYMOURS OF WESTLAKE who are holding their annual Boyen Paint 1c sale... new service too at SEYMOURS... custom kitchens... be sure to look at the smart kitchen built-ins on display.

High fashion news from PENNEYS... stretchable pants... sleek fitting and available in fall's brilliant new shades... and guess what?... they also have "happy boots" to match... boots are priced at \$5.99, pants from \$3.95 and up.

Welcome to another new business in SKYLINE SHOPPING CENTER... VERN'S COFFEE SHOP... delicious donuts (by the way, stop by any morning before 11 a.m. and watch them being made), hand packed ice cream, charcoal broiled hamburgers (French fries are served with all sandwiches) hours are from 7:30 a.m. to 10 p.m. every day including Sundays.

Calling all youngsters... WESTLAKE SHOPPING CENTER is holding a theater party on Aug. 17 and 18... 2,200 tickets will be given away on a "first come, first served" basis beginning Aug. 9, and the free tickets will be given away at all Westlake stores, so hurry and pick up yours.

DC Firemen Fight Oct. 8 Is Date Bruno Peak Blaze For Church Fete Caused By Kids To Honor City

Approximately 30 Daly City and county firemen fought Monday afternoon until nearly 3 a.m. Tuesday battled to confine a grass fire which swept over 100 acres of San Bruno mountain.

Several unknown youngsters didn't help the respective fire departments either. These youngsters, playing with matches, started a series of grass fires near the eastern end of Portola street. As firemen would extinguish one fire, others would be started.

Youngsters continued to add to the confusion by running two or three blocks down the hill and pulling alarm boxes even though firemen were already fighting the latest blaze.

At first the fire was thought to be under control about 7:30 p.m. However, children started another grass fire on the other side of the hill.

Firemen finally had the fire licked and left the fire lines at 2:30 a.m., but a crew was dispatched to the area as the blaze was still smoldering.

Both Daly City Fire Department and the county each sent four trucks to the scene.

DINNER, BALL, SET BY B'NAI B'RITH SKYLINE WOMEN

Skyline Chapter B'nai B'rith Women have planned a "kick-off" dinner for the Harvest Ball, which is to be held on Tuesday, August 15, at 7 p.m. at the Lake Merced Sports Center on Skyline Blvd.

Admission will be \$1.50. This includes dinner and a ticket to the ball. The program will be comprised of various games. Arrangements for the dinner are under the direction of Mrs. William Gitlitz and Mrs. George Bloom.

For reservations, phone Mrs. Gitlitz at LO 4-9220, or Mrs. Bloom at BA 1-8036.

The evening of October 8 has been set aside for a city-wide Religious Festival of Music, which will help celebrate Daly City's 50th Anniversary. The Festival will be held in the War Memorial Building.

Committees are at work now under the direction of the Reverend Lynn Hodges, pastor of Westlake Community Baptist Church, to develop a program which promises to involve at least 200 people. Historical pageantry, representative music from the various faiths and denominations, and dramatic narration will all be a part of the Festival.

In charge of music is Delmar Severy, director of music for the Broadmoor Presbyterian Church and a music teacher in San Francisco.

Severy is interested in securing the names of people who would be interested in singing in the large choral group being prepared for some 15 numbers that will be sung. It is believed that people not already singing in the choirs of the churches taking part might also be interested in singing. Those who are interested are asked to phone Severy at MO 4-0850.

DC Man Is Recovering From Heart Seizure

Louis Stone, 50, 12 Knowles avenue, is reported by St. Mary's Hospital authorities as "doing well and improving steadily" from a heart attack he suffered early last week.

Stone suffered the attack early July 31 and was rushed to St. Mary's. No release date has been set, according to hospital authorities.

Stone is well known in Daly City-Colma, having worked and lived here for the past 11 years.

THE GANG'S ALL HERE would be the most appropriate title for this picture, which shows many of the youngsters who were attending General Pershing Elementary School. The year was 1932, and the occasion was just prior to the start of the San Mateo Floral Parade. The Pershing PTA sponsored the children's participation in the parade. Recognize anyone? The girls in the foreground hugging their faithful

dog, "Shep," are (l. to r.) Hazel Eason, now Mrs. Hazel Reine of South San Francisco, and her twin sister, Dorothy, now Mrs. Dorothy Cimino of Daly City. The girls are the daughters of Mrs. Anna Eason, now a trustee of the Jefferson Union High School District, but, who at the time this picture was taken was president of the Pershing PTA. The Eason girls were students at Crocker School in Daly City. Little girl

in the carriage was Pat Snee, now Mrs. Pat Nordquist of San Bruno. Mrs. Eason's son, Jack (dressed as General Pershing—moustache and all) is seated next to Pat. The three boys seated to the far right of the first row are Bob Byrne, Bernard McDermott and Howard Byrne. Dorothy Byrne, the sister, now Mrs. Dorothy Bonn of Los Altos, is seen standing in the second row, second from the

right end. The picture was taken in front of the Pershing School shortly before the group departed for San Mateo. The parade committee had asked the Pershing PTA to participate. Children are dressed in blue and gold costumes. They later received a trophy as the "Best Dressed Group" in the parade. This picture was contributed by Mr. and Mrs. Edward Byrne.

Singer To Open Branch Store In W'lake Center

Singer, one of the oldest and most respected names in the sewing machine industry, will open a branch in Westlake Shopping Center.

Announcement of the signing of the leases for the new store, which will be located on Westlake Shopping Center, was made jointly this week by G. F. Tinkle, Vice-President of Singer Sewing Machine Company; Howard Doerr, General Agent in charge of Singer's Northern California business, and Henry Doelger, builder of Westlake Shopping Center.

It is expected that the 111-year-old firm will open its doors formally in the early part of September, right after the Labor Day holiday. The new Westlake store will move from its present Stonestown location.

Singer Sewing Machine Company, in addition to selling, renting and servicing its famed line of sewing machines, also offers a complete line of fashion fabrics, to supply the needs of shoppers using the facilities of Westlake Shopping Center. Additionally the firm manufactures and sells home vacuum cleaners.

Westlake's new Singer outlet will include a complete Singer Sewing Center, in which the art of machine sewing is taught. These centers have been an extremely popular part of the Singer operation, enabling buyers of their machines to receive the utmost benefit from them. Like other Singer Sewing machine stores, the new shop in Westlake will include a repair and rental department as well as sewing machine sales.

Opening of the Singer Sewing Machine Company will raise the total number of stores in Westlake to 82.

The building to which Singer Sewing Machine Company is moving in Westlake is at the present time nearing completion. It is a part of the group of stores now under construction on the east side of the Westlake Court, between the Bank of America and the Westlake Food Center.

DMV Director Tells Who Is Accident Prone

Who is most likely to die or be seriously injured in a traffic accident?

Chances are that it will be a man between the ages of 25 and 34, driving a passenger car, traveling straight ahead on a level open road in daylight hours on a clear, dry day.

In commenting on this capsule summary of the most logical accident victim, Director Robert McCarthy of the California Department of Motor Vehicles pointed out that male victims outnumber women almost three to one and most of them are in their late twenties or early thirties.

McCarthy also warned that in about forty per cent of all fatal and injury accidents only one vehicle is involved.

The DMV director emphasized that two of every three fatal accidents occur outside cities, and that August is the year's most dangerous month on open highways.

ONE OUT OF SEVEN

One out of seven persons in the United States is employed in highway transportation industries, according to the National Automobile Club.

ADULT EVENING SCHOOL TO OPEN SEPTEMBER 11; THREE LOCATIONS SET

The fall semester adult classes offered by the Adult Evening Division of the Jefferson Union High School District will open during the week beginning September 11. Classes are scheduled at three main locations. Most classes will be offered at Westmoor High School with the balance of the schedule slated for Jefferson and Terra Nova High School. However, classes are also available at other locations such as the War Memorial Center in Daly City, Brisbane, and Bayshore City.

Terra Nova High School, located in the city of Pacifica, will open its doors to students on September 11, and also to their parents that evening for the first time. Scheduled for Terra Nova will be a full complement of adult classes suited to meet the needs of the community.

Because of heavy public demand for new classes, more than 100 classes will be offered in all locations; an increase of about 25 classes over last spring. The schedule is designed to cover approximately 10 general instructional areas such as academic subjects, Americanization classes, arts and crafts, business education, foreign languages, homemaking, industrial education, family education, and other special interest classes.

Within the overall schedule are five main line programs. The Americanization program is designed specifically for persons who wish to obtain their Citizenship papers and to learn to speak English. Also within the schedule is a comprehensive academic program designed specifically for adults who are earning credit toward the completion of their high school diploma.

Two nursery schools, one in Daly City and the other in Pacifica, include within their program classes for family education.

On recommendation from the day high schools, Continuation students are permitted to enroll in the Adult School in order to complete credits toward their high school education. Lastly, many other classes designed for special interest groups are offered.

Classes are open to any adult over 18 years of age, regardless of training or previous education. In addition, persons may enroll in these classes regardless of residence.

Printed brochures were mailed to over 5,000 adult students last week. Brochures listing classes are now available giving details concerning entrance requirements, enrollment procedure and other general information. If you would like to have a brochure mailed to your home call PL 5-1162. Waiting lists are then established.

Pacelli Again Asks For Parade Marshals

A second urgent call for parade marshals for the Golden Anniversary Parade in October was made this week by Frank Pacelli, executive chairman of the Golden Anniversary Committee.

Those persons interested are asked to be at the meeting of the Parade Committee Wednesday evening at 8 o'clock in the War Memorial Building at Alp and Mission streets.

If unable to attend the meeting, they can get in touch with Beverly Carillo at PL 5-0850, ext. 18, for necessary information.

Parants Invited To Village-Frank. Open House Friday

All parents in the Garden Village-Ben Franklin area are invited to attend an Open House at the Garden Village School sponsored by the Garden Village-Benjamin Franklin Recreation Department on Friday, 7:30 to 9:30 p.m.

Some parents will receive invitations made by their children in the Garden Village Arts and Crafts program. These masterpieces will be delivered by the children during the week of August 7 to 11.

The Open House will feature an evening of games and fun for both parents and their children. A Father-Son softball game is scheduled to start the activities.

A card game is scheduled for mothers and daughters in the game room. Prizes will be awarded.

The results of the arts and crafts program will be displayed in the arts and crafts room as a part of the evening program.

The game room will be available for pingpong, carroms, paddle-ball, or checkers after the card game. During this time refreshments will be served the recreation leaders and their helpers.

Man Finds \$43 Check On School Playground

A check for \$43.50, which had been meant as a fee for sponsorship of a team in the Daly City Adult Softball League, and made out to the Department of Parks & Recreation, was found Saturday evening by Joseph Schultz, 548 Atlanta street, lying on the Colma School playground among the dirt and debris.

Schultz found it intact, exactly as written, and not endorsed. The check was written by Frank Duffy, owner of Duffy's Tavern, Mission street and Knowles avenue. Duffy is sponsoring one of the teams in the league, and the amount of the check served as "an enrollment fee."

Duffy said he put the check into an envelope and dropped it into the mailbox. He figured the department had received it, until he received word that the check was found Saturday on the Colma playground.

An official of the Department of Parks and Recreation said he was unaware that the check had been sent in or lost.

Dill-seed is the dried fruit of an annual plant of the parsley family.

Life On Jupiter Is More Possible Than On Venus, Says Prof.

The possibilities of life on the giant planet Jupiter are considerably better than is generally assumed, according to an astronomer at the University of California, Berkeley.

In an article in the current issue of "Radiation Research," Dr. Carl Sagan, Miller Research Fellow in the University's Space Sciences Laboratory and Department of Astronomy, states that the chances for life on the largest planet of the solar system seem somewhat better, even, than the possibility of life on Venus.

The results of simulated atmospheric studies, he said, make it clear that simple organic molecules must be produced in the atmosphere of Jupiter by the action of ultraviolet light from the sun and atmospheric electrical discharges.

The scientist presented a picture in which visible light penetrates through the clouds of ammonia in the atmosphere of Jupiter to the surface of the planet. The surface absorbs the visible light and emits infrared radiation, which cannot escape into space. This situation leads to an efficient "greenhouse effect" in which the temperature increases on the surface of the planet.

It is possible, he stated, that, as a result of the "greenhouse effect," temperatures near or above 70 degrees Fahrenheit prevail on the Jovian surface. Organic molecules, created at rate of more than 10 pounds per square mile per year, may

well fall into seas of water or ammonia where they would dissolve and create the conditions necessary for complex prebiological organic reactions.

If this picture is correct, said Dr. Sagan, these processes have been operating for the last several billion years on Jupiter. And given these conditions, life would be likely to arise.

Indirect evidence on Venus, the scientist said, indicates that the earth's nearest neighbor is likely to be a poor prospect for life with a surface temperature of more than 600 degrees Fahrenheit.

The issue of life on Mars, he concluded, is far from settled, although the evidence taken as a whole is suggestive of life.

COLONEL ERICKSON GIVEN PROMOTION

Colonel Kenneth W. Erickson, 327 St. Francis boulevard, Daly City, has been promoted to the rank of Colonel in the U. S. Army it was announced this week at Sixth U. S. Army headquarters, Presidio of San Francisco, where he is Chief of the Installations Branch, Office of Assistant Chief of Staff, G4.

Colonel Erickson came to the Sixth Army headquarters in June, 1960, following a tour of duty in Teheran, Iran, as Infantry Advisor for the U. S. Army Military Mission, headquarters.

IT'S A FACT...ABOUT ERMA WORLD'S FIRST ELECTRONIC BOOKKEEPER

ERMA CAN SPOT YOU—IN JUST 32 MILLIONTHS OF A SECOND!

That's how fast checks are processed by ERMA, Bank of America's new Electronic Recording Method of Accounting. Here's how ERMA works: the numbers on each ERMA check are printed with a special magnetic ink containing microscopic specks of iron. When a check goes through ERMA's electronic "reader," each number is magnetized and sends out an electric impulse which is recorded by a computer. Even though a check may be folded or crumpled, ERMA reads it accurately, computes your statement in moments, without error. That's our ERMA—and she works only at Bank of America!

ERMA KNOWS ARABIC!

ERMA can't read handwriting. ERMA's language is made up of arabic numbers shaped in a certain way so that ERMA can read them at the speed of light—and without making a mistake. Pioneered and developed by Bank of America, ERMA provides the fastest, most accurate service for handling checks in banking history!

ERMA NEVER FORGETS A NAME

As part of its ERMA system, Bank of America now gives all regular checking customers free personalized checks—your name and address printed on all your checks at no extra charge. Why not open your account today?

YANKEES, COLTS, INDIANS VICTORS IN 2nd HALF PLAY

PAL's Yankees, Holy Angels Colts and the Indians came up with victories in the early second half play of the Daly City Recreation Department Summer Baseball League recently.

The PAL Yankees came up with a 5-0 win over the BYA Bullets as Allen Stanley threw a one hitter in the shutout. Scott Ghiladucci helped the cause with two for four at the plate.

The PAL Red Sox edged out Misracks Cardinals 3-1 on a Larry Black home run, and Joe Cardoza held Misracks to three hits.

Toto's Midgits jumped into the win column this week with a win over the PAL Braves 11-1. Pitcher Mike Carper of Toto's held the Braves to three hits and had help from Jim Davis and Steve Willey at the plate.

Highlight of the game was a double play by the Braves in the 5th from Barry to Untalan.

COLMA DIVISION MIDGITS

In the Colma Division, the Holy Angels Colts pounded out a 23-3 victory over the Daly City Orioles. Don Belluomini and Ricky Gamous held the Orioles to two hits, and Gary Sanguinetti knothed two for three to lead the Colt batters.

GOOD TROUT FISHING AT SONORA PASS

Good trout fishing continues in the Sonora Pass vacationland area, particularly at higher altitudes, despite the drought, and heat that has affected some regions.

The latest P. G. & E. stream scout report shows this outlook along State Highway 108 above Sonora in the Stanislaus National Forest.

"Most creeks fishable in upper reaches. Relief Reservoir almost full. Stanislaus River Middle Fork, Kennedy Meadows-Donnells Reservoir, low, fishable. Donnells half full. Beardsley Reservoir two-thirds full. Lake Strawberry two-thirds full. Stanislaus River South Fork, Strawberry to Philadelphia Diversion, condition ideal; low below Lyons Dam. Lyons about half full."

Streams in the area are planted at intervals with catchable rainbow from the nearby Moccasin Creek hatchery.

Big German browns are taken regularly from lakes and reservoirs. An eight pound ten ounce German brown won a rod and reel for Mrs. Glenn Summers of Sonora in the Tuolumne County Trout Derby. It was 28 inches long and 16½ inches in girth. She was using a No. 6 hook on a six-pound Garcia line, utilizing a cluster of red worms.

SPORTS

DC Rec Dept Holds Junior Olympics; 2nd Half Olympics Friday

The Daly City Recreation Department held its Junior Olympics recently at Westmoor High School with Garden Village Softball Accuracy Throw — Charles Freeberg, Garden Village.

Results of the meet:
CLASS A BOYS: 50 Yard Dash — John Felsing, Ben Franklin; 60 Yard Dash — Charles Pengra, Garden Village; 75 Yard Dash — Wes Thomas, Westmoor High; 400 Yard Shuttle Relay — Garden Village; Softball Distance Throw — Dave Williams, Garden Village; Standing Broad Jump — Tom Lee (Garden Village); Softball Accuracy Throw — John Noran, Westmoor.

CLASS B BOYS: 50 Yard Dash — Ron Smith, Garden Village; 60 Yard Dash — Bob Morris, Vista Mar; 75 Yard Dash — Dick Bernal, Garden Village; 400 Yard Shuttle Relay, Olympia School; Standing Broad Jump — Dick Bernal, Garden Village; Softball Distance Throw — Joe Weinberg, Vista Mar; Softball Accuracy Throw — Robert Salzberg, Olympia.

CLASS C BOYS: 50 Yard Dash — Ken Duart (Westmoor); 60 Yard Dash — John Conwell, Olympia; 75 Yard Dash — Gary Battaglia, Vista Mar; 400 Yard Shuttle Relay — Garden Village.

Standing Broad Jump — Victor Talmadge, Westlake School; Softball Distance Throw — Mark Hull, Vista Mar; Softball Accuracy Throw — Charles Freeberg, Garden Village.

CLASS A GIRLS: 50 Yard Dash — Susan Gales, Garden Village; 60 Yard Dash — Kathy Mahoney, Garden Village; 75 Yard Dash — Cathy Pinelli, Garden Village; 400 Yard Shuttle Relay — Garden Village; Standing Broad Jump — Kathy Mahoney, Garden Village; Softball Distance Throw — Cathy Pinelli, Garden Village; Softball Accuracy Throw — Karen Salanger, Thomas Edison.

CLASS B GIRLS: 50 Yard Dash — Donna Driesse, Westmoor; 60 Yard Dash — Marianne Pinelli, Garden Village; 75 Yard Dash — Ginger (Speedy) Giammona, Jefferson; 400 Yard Shuttle Relay — Garden Village; Standing Broad Jump — Janice Mackintosh, Garden Village; Softball Distance Throw — Joan Broner, Garden Village; Softball Accuracy Throw — Westmoor.

This Friday, the Junior Olympics will move to the east side of Junipero Serra Blvd. at Marchbanks Park. For further information on this event, contact the Recreation Leader at your nearest playground.

43 Pass Swim Exams In Jeff Swim Program

The following students have passed their examinations in the Third Swim Session of the Jefferson Union High School Swimming School, according to coordinator Michael Orlich.

Beginners — Julie Albrecht, Charles Barber, Mark Caserta, Jacqueline Cella, Ann Chamberlin, Kathleen Dailey, Nancy Dethlefsen, Patricia Dyer, Neal Gapoff, Tony Guzzo, Grayce Henri, Robert Henri, Carole Holmes, Joanne Holzen.

Michael Jelinsky, Cheryl Karr, Peter King, Nancy Kirland, Philip Littman, Mary McElroy, Shawn McDonnell, Kathy Meade, Susan Peters, Bruce Pope, Pilar Ruiros, Annette Reed, Laura Rippa, Stephen Roberts, Linda Schenone, Michael Serratto, Debora Shapiro, Diane Sobiek, Jeffery Sukosky, Teddy Titular, Gary Topolinski, James Walker, Robert Walsh and Duane Wilson.

Intermediate — Frances Malta, Richard Serratto and Johnny Stura.

Swimmer — Gene Duffy, Tommy Orlich and Gassandre Walsh.

Undeclared Cards, Braves Play Title Contest Thursday

Daly City's PAL Cardinals and the South San Francisco Braves continued undefeated in Orange Invitational League Play last week and will play for the loon championship on Thursday, 8 p.m., at Orange Park.

The Cards took Brisbane Aces, 7-3, behind Jeff Starkovich's no-hitter and the batting of Bob Banos and Ron La Rosa, who both had a pair of hits.

The Cards also beat the Brisbane Deuces, 8-5, although Starkovich needed relief help from Joe Cardoza in the fourth inning. Cardoza struck out the side with the bases loaded to preserve the victory.

Cardoza pitched four innings, striking out 10 batters, and also had a pair of hits, while teammate Nick Kosturos had three hits in as many at bats.

ORANGE STANDINGS
Team — W L GB
PAL Cards 8 0
SSF Braves 8 0
Buri Buri 6 3 2½

All Stars 5 4½
Brentwood 6 5½
Hillside 2 7 6½
Brisbane Deuces 2 7 6½
Parkway 0 8 8

It's SPARE TIME at Westlake Bowl

By JIM GREALISH
Ed Hargrove of the Lake Merced Nursery team has mastered his new ball to the tune of a 224 game and 617 series last week. The fact that he defeated son Phil added to the pleasure of the evening.

Rick Dreier reports that the daytime program for the winter season is rapidly taking shape. There will be a ladies' league every morning and afternoon, every instruction group every day, "Learn to Bowl" program, monthly fashion shows, weekly bridge games and many YWCA activities.

Now that the Third Annual Police Athletic League Bowling Tournament is history, the next benefit undertaking is the Aid Retarded Children Benefit Bowling Tournament. This affair, being held for the first time, will run until September 10 at 13 bowling centers in the San Francisco area, with many valuable prizes to be awarded on the basis of one for each 10 entries.

The weekly leaders will bowl during the week of September 10 to determine the representatives of each center who will be eligible for the Grand Prize Rolloff here at Westlake, September 16. The winners will be crowned king and queen at the Shadow Ball to be held at the Sheraton-Palace Hotel the evening of September 16.

Bob Sexton and Dick Truesdell have come up with what appears to be the answer to the high-rolling Junior bowlers. A Saturday night Junior-Senior Invitational Classic League composed of the top 30 Junior bowlers in the Westlake program. The six-team league will bowl each Saturday at 6 p.m., finishing before 8 p.m. so as not to interfere with the social life of the bowlers.

Mr. and Mrs. Dieterle, two of the younger members of the Westlake bowling set, had a visitor last week in the person of Mrs. Marie Goldbach, Mr. Dieterle's sister from Pittsburgh, Pennsylvania. After bowling nothing but duck pins at home, she proceeded to bowl 181 her first game.

The PAL Tournament ended with a bang as many groups were on hand to compete for the large number of prizes. Among the last week entrants were the members of Brunswick Travel League and 64 members of the Bel Mateo Housewives League. Bill Van Gaasbeek led the Brunswick group with 654

while Virginia Shiek's 606 was high for the housewives.

In the Wednesday afternoon bowling group from the Physically Handicapped Indoor Sports Association, President Bob Thomas neatly converted the 5-10 split while Mrs. Miggs Jacobs, who is in charge of the group, reports that she now has four teams with members waiting to join. She is in need of transportation for a few members who would like to join the group.

The Wednesday 10:30 Brunch Club has become quite a "family affair." Starting next month, the members will divide into two groups, with the mothers continuing as at present and the daughters bowling after school

Top Drag Races This Sunday At Half Moon Bay

This Sunday, one of the top races of the year in the United States will be held at Half Moon Bay Drag Strip, 26 miles south of San Francisco on Coast Highway No. 1.

Four championship dragsters, all clocked in the range of 180 mph, lead a full schedule of stock and super-stock entries, all vying to set new top speed records.

From South San Francisco, the Gotelli Champion Speed Shop Special puts its title on the line against Ed Pinks of Los Angeles in a special two-out-of-three challenge race. Unofficially, these cars are the two fastest in the country with the present Gotelli Champion record of an 8.07 elapsed time and Pinks at 8.09.

The Koulan-Brown dragster, the world's fastest Oldsmobile-powered machine in drag racing, makes a surprise first appearance in Northern California, with Gene Brown driving.

From Belmont, the Schrank Brothers, Jess and Walt, with their supercharged De Soto, current national record holder in both the B and C dragster class.

Gates open at 8:30, with eliminations at 1 p.m. Tickets are available at the gate Sunday morning for the day's schedule.

The sternwheeler, "S.S. Delta Queen" was towed from Suisun Bay in California to New Orleans on the Mississippi River, 5,261 miles, in 1947.

Daly City Playground Activities

At the end of the seventh week of the summer recreation program, the tempo of activities is still going strong.

Reports from the various playgrounds:

THOMAS EDISON SCHOOL — Jordan Safine — Youngsters had a bicycle racing day. The stars of the bike race were 1st place, Ron Papes; 2nd place, Paul Salinger; 3rd place, Carmen Szorny; 4th, Vicky Papes. The speedsters in the balloon tire race were: 1st place, Nicky Brooks; 2nd, Buzz Picachoski; 3rd, John Dacton; 4th, Rita Szorny. In the snail race (the slowest riders), 1st place, Rita Szorny; 2nd, Vicky Papes; 3rd, Terry Carthy; 4th, Corky Stulter.

WESTMOOR HIGH SCHOOL — Tony Giammona — The three ping pong tables at Westmoor are kept very busy. Some of the outstanding ping pong players are Carol Soleri, Cookie North, Tommy Pan, Dave Gonnell, Bill Thompson, Bob Patent, Mike Earnshaw, Steve

Sanseri, Dave Sanseri, Rich Holmberg, Gayle De Marco, Mary Kunst, and Bill Vint.

MARCHBANKS PARK — Marilyn Schwenger — Paddle pool is a very popular game here. A very exciting contest found the top players to be Walter Pineda, 1st place; Linda Lynch, 2nd, and Jim Goszullak, 3rd place. Others participating in the contest and giving stiff competition to the winners were Debra Backlund, Evelyn Williams, Michelle Backlund, Diana Crompton, Sue Lynch, Carlos Garcia, Byron Stanley, Raymond Jones, Jack Folley, Linda Stable and Mickey Benas.

EDGEWOOD PARK — Shirley Hodges — A "modeling contest" was held at Edgewood Park. The materials used by each person were a piece of bubble gum, two toothpicks and any natural materials such as dirt, leaves, etc. The children who participated were Bobby Jean Penrod, Danny Penrod,

12 MILE HOUSE, PLAZA FURNITURE WIN TITLES; C'LIGHT LOSES TO 'STARS

The Pony League All-Stars scored three runs in the top of the sixth inning for a come-from-behind 5-4 victory over league champion Clearlight Trophy in the South San Francisco merchant-sponsored league playoffs Saturday at Orange Park.

Jerry Colombo and Terry Megna pitched six-hit ball against the Trophymen and teammate Gary Montalvo cracked a two-run triple in the game-winning rally. Colombo and Megna fanned 14 batters.

The defeat ended Clearlight's 15-game winning streak, although Joe Franzioa was the game's leading hitter with three safeties. Losing pitcher Don Schaffert gave up only seven hits.

12 MILE VICTORY

Twelve Mile House won the Eastern Division championship in the 13 and Under League with a 3-1 victory over the Optimists behind the two-hit pitching of Frank Portusach and John Beck.

Greg Jones hit a long triple in the first inning and scored on Art Gutierrez' infield out for an early 1-0 Twelve Mile lead. Jones also scored the game-winning run in the fifth by stealing second, after getting on by an error, as Beck hit a two-out single to center to score Jones from second.

The Optimists tied the contest with their single run in the top of the fifth when Jim Cassandras doubled to break up Portusach's no-hitter. He was balked to third and scored on an infield out by Dick Ornelas. Portusach and Beck combined to pitch the two-hitter for Twelve Mile House, while Dale Curry pitched a three-hitter for the Optimists, striking out seven.

PLAZA FURN. WINS

Allan Paganucci threw a one-hitter to lead Plaza Furniture to a 5-0 championship victory over the PAL Chiefs in the Western Division of the 12 and Under League.

Paganucci struck out 12 and walked only three and was never in difficulty. His 12 strikeouts brought his season total to 111, while pitching in only eight of 13 league games.

Rich Geisel had three hits for the winners, and teammates Paganucci and Ron Benetti each had a pair of hits.

Gary Hellon broke up Paganucci's no-hitter with a single to centerfield in the last inning. Hellon also was a defensive standout.

Hopes Raised For Opening Of Crystal Springs

Assemblyman Louis Francis of San Mateo today raised the hopes of sportsmen's clubs and fishing enthusiasts over a possibility of opening Crystal Springs Lake for fishing and recreational use for the public.

Francis has received an opinion from the State Legislative Counsel Ralph N. Kleps which held that "the opening of the Crystal Springs Lake for fishing could be effected by action of the City and County of San Francisco, the owner, except as expressly prohibited by the Health and Safety Code."

The opinion was obtained by the legislator at the request of Attorney Thomas Bocci in behalf of the South San Francisco Rod and Gun Club.

The legal exceptions to the use of reservoirs for public fishing were pointed out in the opinion by Kleps, who said: "The present law does not require the opening but does authorize public fishing when it will not affect the purity and safety for drinking and domestic purposes of the water collected in the reservoir, and if a permit for such use has been obtained from the State Board of Public Health."

"The public agency owning or operating the reservoir is authorized to collect certain fees and to establish rules and regulations for such use of the reservoir and its surrounding land."

The opinion stressed that the public is precluded from fishing in a reservoir or on its surrounding land if the reservoir is a distribution reservoir from which water may be supplied for drinking and domestic purposes without full purification and treatment after withdrawal from the reservoir.

DC Drugs, SSF Native Sons Win In Softball Play

This week's play in the Daly City adult softball league saw the Daly City Drugs defeat the Daly City Billiards 16-7. Starling for the Drugs was pitcher Tom Glover, who collected five hits and scored 4 runs.

The South San Francisco Native Sons defeated Duffy's Corner 21-8. Pitcher Bill Mendosa held Duffy's boys to five hits while his team collected 14. Thee, Polidori and Davis each collected two hits, with Crowhurst getting three hits in five trips to the plate. Highlight of the game was Katen's bases-loaded double scoring three RBIs for the losers.

The Mitchell Plumbing Roadrunners came up with a surprise win over Daly City Drugs 8-2. Trevino, pitcher for the Roadrunners, allowed the DC Drugs only two hits, and was backed up by Cattich's two singles and a double, and a single and a triple by Smith.

Foster and L. Kennedy of Baron's combined their pitching talent to defeat the Daly City Billiards 11-5. Stoller, Murphy, Luzzi and Larry Kennedy all collected two hits each for Baron's.

Daly City Drugs had a tough duel with the South San Francisco Native Sons, the Drugs winning 5-3. The win featured the pitching of Barney Sher-

24 Deer Hunts Set By F&G Commission

California's Fish and Game Commission has approved 24 antlerless and either-sex deer hunts to be held in a total of 14 counties this fall.

To be eligible for the drawing for most of the hunts, sportsmen must apply on the official application blank attached to their 1961 deer tags. No money should be sent with the application. After the drawing, all successful applicants will be notified to send in \$5 for their permit.

For most of the hunts, applications must be received at the Department of Fish and Game, 722 Capitol Avenue, Sacramento, not later than 5 p.m. September 12. The drawing for these hunts will be held September 15. An exception is the Orange County hunt for which the application deadline is 5 p.m., August 8, with the drawing to be held that evening.

Of the 24 hunts approved, public drawings will be held for 20. Two of the remaining four will be on military reservations with a total of 425 permits. No permit is needed to participate in the Southern Los Angeles County Special Archery Hunt in which not more than 200 deer may be taken.

Permits totaling 150 for the man of the Drugs. Buffy collected two for four and two RBIs to take honors for the Drugs. Crowhurst and Brassesco lead the Native Sons with two each. Mendosa, Native Sons pitcher, allowed only five hits but was plagued with team errors.
